Subject: Sobhi

Sobhi Tadros and his consultants firm was mandated as owners' representative in the construction phase of a new downtown condominium development. Facing numerous challenges at multiple levels, Sobhi demonstrated the expertise and intelligence to find the correct and most cost-effective solutions no matter the degree of the building complexity. Sobhi instilled such confidence with his knowledge and reliability that his mandate was expanded to include after-sales service to direct the project GC and their sub-contractors. I would highly recommend Sobhi Tadros and his team as a consultant expert in all aspects of construction and its management.

Kayla Samuels, VP
