Subject: "Shotcrete" system  
La Ronde, Montreal

---

Dear Mr. Tadros:

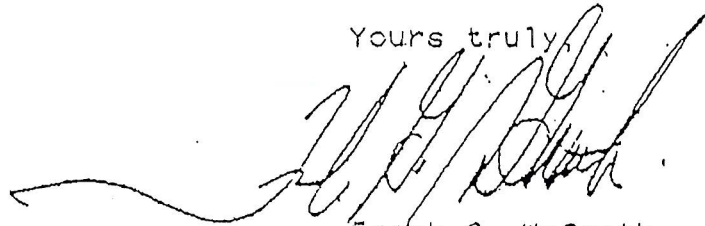

We were very impressed with your recent presentation to us of your "Shotcrete" concrete wall system. Your full-sized corner mock-up was very demonstrative.

As Project Manager for the new thematic cinema ride at La Ronde, Montreal, we are very seriously interested in the of your wall system.

To consider the changes in our present design to accomodate your system, we will need a written confirmation that you are in a position to undertake this project for us in the month of March of this year.

Awaiting your reply, I remain,

Yours truly,

Frank G. McGrath
