Gentlemen:

I am writing this letter to express my appreciation of your work on Volume Shoe projects. While I have only dealt with your company for the past six months, I am impressed with the manner in which your field crews carry out all tasks requested of them. No task is too big or too small and always seems to be taken care of as a top priority. All personnel I have dealt with seem to give 110% to each project. That 110% effort is transferred in giving Volume Shoe a 110% building and for that we thank you.

We appreciate the fact that the quality of construction and the importance of our schedule is of equal importance to Pelican Development. With these facts in mind I'm sure we will be dealing with one another in the future.

Sincerely,

Wayne Pettigrew, Project Manager
Real Estate and Construction
